

Buying your horse at the telephone

And that's how it works:

The members of our auction team will be pleased to check your wishes and requirements on the phone in advance. On the day of the auction, an authorized member of the team will call you as soon as the auction of your favorite horse will start.

Your telephone will be checked. We would recommend fixing all order details by fax. The purchase note will be confirmed and signed on your behalf, as agreed upon before.

Bidding contract for head.-no. _____

First and last name: _____

Adress: _____
