### First Verden Online-Auction

**Verden. It is getting exciting, as the collection of the first Verden Online-Auction is now available at [www.verdener-auktion-online.com](http://www.verdener-auktion-online.com). Until September 14, those interested in buying have the chance to bid easily from home on their desired auction candidates.**

Pictures, videos and pedigrees of 14 colts and 17 fillies descending from 23 different sires form the collection of this online premiere. The stallions For Romance I and the new Vice-World Champion of young dressage horses Secret can be found as sires of the foals four times. Colman presents three offsprings in this auction collection. A detailed photo and video gallery, as well as detailed information about the pedigree and a veterinary examination protocol offer the buyer the highest possible transparency about the collection of promising aspirants for dressage and show jumping. A second video shows the foals also in the gaits walk and canter, as well as from the front and from behind on solid ground.

Bidding is super easy and after a short registration, bids can be submitted for the individual auction offers. The bidder is kept up to date on the status of the auction by e-mail. For example, he receives a message as soon as the bid is placed with him, he is outbid or, with a bit of luck, he wins at the end of the auction. By the way, it gets really exciting when the auction time of each foal expires, as then the auction time is extended by another five minutes with each bid placed.

"Only the best come to Verden, this also applies to the first online version of the Verden Auction", explains auction manager Jörg-Wilhelm Wegener. "Around 120 foals were presented to us for our Online-Auction premiere and we selected a small collection of special quality for our customers. Now we are looking forward to an exciting auction time and wish the exhibitors every success".
