

Eagerly awaited

Hannoveraner Yearbook of Stallions 2020 available now

Verden. The **Hannoveraner Yearbook of Stallions 2020** has been published. For the first time, the new breeding value of the German Equestrian Federation, "**Highest Level Achieved**", is published for all breeding valued stallions. The figures for current and **much** sought-after stallions, for whom breeding values have been calculated for the first time, are eagerly awaited. These include young stallions **such as** Bon Coeur, For Romance, Finest and Millennium.

The proven and interesting reference book offers on 600 pages the current breeding value estimation and a lot of information about the sires. In addition, all young stallions, which were registered for the first time in 2019 in the Stallion Book I of the **Hannoveraner** Verband, are presented in detail with photo and text.

The stallions approved for Hannover are published in the yearbook with information on the results of the stallion performance test, successes in show jumping, breeding values from **mare performance** tests, **studbook inspections**, **selections for** auctions and show jumping. Show successes of the offspring, number of licensed sons, daughters with state premium or **Hannoveraner** premium and auction horses can also be found. WFFS test results **are included, too**.

The **Hannoveraner Yearbook of Stallions 2020** costs 25 Euro plus **mailing** costs and is available from the Hannoveraner Verband.
