"Heads up" in Verden

Verden licensing of the jumping stallions

Verden. For the first time in the history of the Verden licensing, the Hannoveraner jumping stallions will be licensed separately from the dressage stallions. From December 2 to 4, the highly talented show jumpers will be the focus of interest. In addition to the licensing and the stallion sales, the Hannoveraner Show Jumping Masters, which take place at the same time, are a highlight for all show jumping enthusiasts.

The Hannoveraner Show Jumping Masters give the 36 hopeful young talents a sporting setting. The show jumping classes for four to eight-year-old Hannoveraner and Rhinelanders put the dam lines of the licensing candidates in the right context. The finals will take place on Friday and Saturday before the stallion sales. The good dam lines are the silver of the Hannoveraner breed, and this year's jumping stallion vintage has a lot of it to offer. Several times you will come across dam lines that have produced successful horses that have even competed at the Olympic Games. For example, a young stallion by Asca/Favorit ASK out of the mare line of Esprit FRH (Lars Nieberg/GER), a Checkter/Stolzenberg son out of the half-sister of Fine Lady (Eric Lamaze/CAN) or a son of Diamant de Plaisir/Cador out of the half-sister of Fit for Fun (Luciana Diniz/POR). Several times the mothers of the young stallions have sport successes in jumping classes for young horses or even up to advanced level, and several times the young stallions are directly or their mothers are half-siblings to highly successful sport horses. Genetically, the stallion vintage has a lot to offer.

The licensing and stallion sales will be broadcast live on the internet at ClipMyHorse.tv. The OnLive auction of the show jumping stallions will be held for the first time as a

Hannoveraner Rhythmus

hybrid auction, bids can be placed directly from the spectator stands in the Niedersachsenhalle or comfortably from home. Prior to this, the Hannoveraner Mare of the Year will be awarded in a highly interesting show block.
